

REMARKS

Claims 1-47 remain in the application. Claims 26-47 have been added by this amendment.

Claims 26-47 are similar to original claims 1-22, except that the phrase "affixed to a distal end of a catheter probe partially inserted into a body cavity within" has been deleted from claims 1, 7, 8, 15 and 19. It is submitted that this limitation is unnecessary to distinguish the present invention over the prior art of record.

Respectfully submitted,

McDERMOTT, WILL & EMERY
